To Whom It May Concern:

We have contracted with First Coast Cleaners as our commercial cleaning company since February of 2012. From the very beginning we could tell that Jody and Debbie McGeorge were running a different cleaning business than the companies we had been using before. From the initial bidding process to the most recent "special needs" request, they have been extremely responsive, excellent in all communications back and forth, and very reasonably priced. Jody and Debbie not only provide high quality services, but they are high quality people. They are very pleasant to work with and genuinely interested in communication and feedback from us as their customer.

I would highly recommend their services to anyone looking for real professionals, and I'm sure you'll find that they provide the best cleaning services for your company's needs.

Sincerely,

Tim Alexander
